

JUGIONG PUBLIC SCHOOL

SCHOOL CALENDAR

Dear Parents,

Welcome to Week 11 and the last day of 2012. I thought I would copy the Principal's Report that I gave last night at a successful Presentation Night.

"Life is a journey. The path we take, what we look back on & what we look forward to is up to us. We determine our destination. Winston Churchill once said, "You know you will never get to the end of the journey. But this, so far from discouraging, only adds to the joy & glory of the climb". Jugiong School is the start of the educational journey for our students; four are going to add another rung to their climb. We here at the school try to educate, empower & enlighten our students, to become independent learners and thinkers.

Parents, I want to thank you for bringing your children to our school & trusting us with them every day. I especially want to thank you for raising such an amazing group of people that are before us today. Parents who are involved in their own child's learning leads them to more opportunities for success; this group has shown so many positive qualities and we know this all starts at home.

As Principal, I take enormous pride in recognising the efforts of the whole staff. It is about the collective effort of ALL of you. Everyone, the office, Mrs Sheahan, the grounds, Mr Elsley, the cleaning staff, Mrs Smith, the support staff, Mrs Jones and teachers, Mrs Weston, Mrs Lenehan and all the other casual teachers who came to our school, believe in always doing what is best for the students. Your kindness and caring for students as whole person and not as numbers is the reason that we have seen these students blossom. This staff are all superb professionals, who work very, very hard to do the utmost they can for each and every student. They put in much longer hours than you think, they think hard about what each student needs to improve and they hold themselves to the highest academic standards. I would also like to thank Ms Jackie Kuiters our scripture teacher for all her work not only scripture but every Monday she then goes into our gardens and tends them.

To Jenny and her P&C committee thank you for your support, a school cannot function without the help of a great P&C to support it.

There are enormous changes happening within education at the moment, budget cuts to the department, politicians talking about the Gonski Report (increasing the budget), who is in-charge of the educational curriculum – federal or state governments, lifting Australia's position in PISA, naplan on my school website, cutting the budget of learning support for student learning, increasing the budget with the national disabilities insurance plan for learning disabilities, complying with the United Nations agreement on educational availability to all students, closing down schools that are financially unviable, etc. No wonder 14 Principals have retired this year.... I am not one of them!!!!

But through all this we at Jugiong Public School are not taking our eye off the important task, the one thing that we are proud of we educate and take care of your children. I was truly inspired by the courage and dedication of teachers at that school in America where the staff were saving children, by pulling them into safety as bullets flew passed them, reading a story while a killer was trying to get inside the door. And I suppose that is why we practice lockdowns and evacuations... and have to write a report on them.

Ladies and gentlemen I am not going to run through the camps, excursions, Sharni, Lui, Ben and Jack have told you about our achievements in sports and academics. Our achievements are well documented they are sitting right here in front of you!"

**Regards
Russell**
