

What's been happening and what's to come?

Welcome to our new look newsletter! We are thrilled to share with you the latest news from our small school and wider community, including award recipients, student activities and learning samples. This new look extended newsletter will become a staple of 2025 and has been in the pipeline after some professional learning Miss Danielle took part in earlier this term.

November was a very busy month for us as we knuckled down into preparing end of year activities and starting assessments of learning, as well as focusing on the Jugiong Art Prize with Mrs Armstrong and Miss Dugdale helping students create some beautiful felt decorations and sculptural pieces to share with the public.

Coordinating our end of year festivities and big excursion coming up has been high on the priority list this month as well with so much coming up we recommend checking School Bytes for any changes or Dojo for updates - please note Calendar Dates to the right for your information also.

Cabins have been organised and program of events for our days at the beach finalised and we are hoping for some fantastic memories being made in Week 9.

We look forward to welcoming as many of our school community members, parents, grandparents and friends to our Presentation Day on Friday the 6th of December, this will start promptly at 1:45pm. Students have been preparing special musical items in Choir and Band this term and are excited to showcase these for you all.

As the year draws to a close, I would like to take this opportunity to thank our families who have embraced my leadership of our gorgeous little school, supported our staff with positive feedback and getting involved as much as possible in our school events. I look forward to working together to become a centre for wholistic learning, where children grow and aspire to be the best they can be. Have a safe and wonderful Christmas break and see you in 2025.

For your diaries...

Cootamundra Excursion

We were thrilled to have our students be part of the audience for the Dance 2590 Cootamundra concert on the 8th of November. Our first stop was Jubilee Park for recess and students enjoyed the large equipment, we then made our way on foot through downtown "Coota" to the "Arts Centre" for the dance spectacular that was on offer with all students behaving beautifully as audience members and we were very proud of them. Following the concert, students enjoyed a free play and lunch at Livvy's Place park at Albert Park, Cootamundra.

"I really loved playing at Livvy's Place park with my friends and building a dam with the water play" Brodie M.

"The huge game of hide and seek tap with all of our school was lots of fun" Jack and Will.

"Having Zara help me ride the bucking bull was great" Hayes (Kindergarten)

Farewell Mrs Jones

It was a bittersweet day to see Mrs Jones leave us late last month. Mrs Jones has been a permanent fixture at Jugiong Public School since she was first employed in 2007. Almost 18 years of service for the department.

Mrs Jones took on the role of SLSO (Teacher's Aide) from her daughter Laura, as Laura went on to complete her teaching degree.

Mrs Jones has seen many children go through the school from Kindergarten to adulthood and they have special memories of their time with her.

We wish Linda the best as she begins her much deserved retirement and will miss her dearly.

Jugiong Art Exhibition

The children worked hard on their art display for the recent Art Exhibition. The K-2 students created Christmas ornaments out of felt pieces, these looked amazing hanging on the branch.

3-6 constructed sculptures using wire coat hangers and stockings. They individually created artworks on both sides for a dual effect. Their inspiration blurbs were thoughtful and considered.

Thank you Paula and committee for allowing our children to peruse the exhibition early and do their People's choice selection.

Star and Artists of the Month

Hayes Humphreys

Hayes is growing in confidence both in class and in the playground. In the classroom his diligent effort towards his learning goals has shown through in his ability growth. Congratulations Hayes.

Clover de Groot

Clover has persisted when challenged in learning and gained some confidence in using new strategies to help in literacy and maths. Her sculpture blurb for the Jugiong Art Exhibition was a standout! Well done Clover!

Jack Driscoll

Jack worked diligently on his Jugiong Art Show piece. He took inspiration from Van Gogh's Starry night on one side and a cobra on the other. . Once completed he showed extreme pride in his lovely results. Congratulations Jack!

Ada Coggan

Ada is a thoughtful and consistent student and is enthusiastic about learning, particularly art. She strives to produce wonderful works of art with considerable effort and an eye for detail. Well done Ada!

K-2 have been reading quality texts and using these as a base for artworks in class.

Life Education with Healthy Harold.

Wednesday 13th November was a busy day at Jugiong PS. The students enjoyed the usual: Music lessons, band and choir, Library and Scripture with added Life Education lessons with Healthy Harold. Unfortunately the van was parked too far away from the school to hold the session in the van, so in class delivery was given. The students still got to go in the van and have a look around, getting stickers from Jessica, Harold's lovely assistant on the day. Life Education is an additional part of student's learning on Personal Development and Health and is always a special time.

Pollution is bad for our oceans!

K-1-2 have been learning about the environment in Science this month and have created some amazing slide-shows that demonstrate their learning and understanding why our oceans need to be protected from human pollution. All students worked with a partner to create a multi-slide presentation on the computers, that incorporated facts they've been learning about in class.
